

Home School Agreement

Bring Your Own Device to School

To help ensure that your child gets the most educational value from their device, we would like you to commit to the principles outlined in this agreement.

As a school we are prepared to provide the support, resources and staff training to ensure students receive a high-quality experience but we also require full commitment of parents and students.

Please read through the summaries of the school, student and parental commitments required to make the scheme a success and click the button to acknowledge that you and your child will fulfil the expectations in this agreement and help us ensure the scheme is a success.

Thank you for your support

Mr P Snowden
Deputy Headteacher

The school will:

- teach students to use the device safely and monitor its use around school.

At home we will:

- ensure that our child understands how to care for and protect their device.
- ensure the device is not used for illegal or anti-social purposes, including access to inappropriate websites.
- ensure our child does not load inappropriate material on to their device and understand that it may be confiscated and returned to us if it happens.
- understand that the insurance of the device is our responsibility.

As a learner I will:

- look after my device very carefully at all times.
- bring it into school every day, fully charged, ready for a whole day's work.
- take care when the device is transported that it is as secure as possible, e.g. not left unattended in a vehicle.
- only use my device for educational purposes in school.
- not use my device for any form of bullying, sending, accessing or distributing insulting, threatening, pornographic, violent or obscene material.
- take precautions to prevent the introduction of viruses and report any concerns I have immediately to the IT Support Office before connecting it to the school network.
- not take photos, videos, or audio recordings without the permission of the subject teacher or install age inappropriate games or content.
- understand that staff may access my device at any time and may confiscate it if inappropriate materials are discovered.
- not install, use or configure any third-party proxy or VPN systems to bypass the school's internet filtering.
- ensure I do not attempt to access another person's device or interfere with their work or files.

Terms and conditions

The device should be charged at home overnight and brought to school fully charged. The school is not responsible for electricity costs incurred.
